MARBLE SYSTEMS

## black & white

The high contrast of black and white is iconic for a reason. Our Black & White Marble Collection will bring drama and glamor. Available in a range of graphic and geometric mosaics and tiles, this collection is perfect for anyone looking to make a statement.

Endless combinations are available, with a selection of tiles in honed vivid black and snow-white marble. Inspired by the classic black and white designs throughout history, the collection ranges from the ancient to the modern. The Rubicon mosaic harkens back to the parquet floors of antiquity, while the Ponte Mosaic evokes a roaring-twenties sensibility. The Eames mosaic is a classic fit if you're searching for a mid-century homage. Finally, for a chic modern look, our hexagonal and square geometric tiles are perfect.

We recommend this collection for interior wall coverings and floors, as well as showers.
