cottage stone

Radiating pure charm, our Cottage Stone Tile Collection consists of subtly chiselled stones. These marble tiles will create a beautiful foundation to adorn any natural interior or exterior. The rustic finish of these tiles, paired with the natural luminosity of marble, forms a warm, organic atmosphere.

Marble is a metamorphic stone with a timeless history as a flooring, wall covering, paving material and sculptural medium. Some of the world's most sublime sights, like the Taj Mahal, the statue of David, the Lincoln Memorial, and the Washington Monument are made of marble. By choosing marble, you'll be bringing a fragment of this rich history into your home or commercial property.

The Cottage Stone Tile Collection is available in six soft shades in a grand 16"x24" format and free-length pattern. It's ideal for both horizontal and vertical applications in residential or commercial properties.
