

Delft Ceramic Collection

Country Floors is proud to feature our newest ceramic collection Delft. Choose from specific 15 historic designs. These tiles are available in blue and polychrome painting, traditional frost white background, with or without corner design detail. This collection can be used in interior vertical installations; kitchen backsplashes, bathrooms, fireplace surrounds, feature walls, wainscot applications, wet bars and wine rooms.

The tiles and grout should be sealed with a penetrating sealer during the initial installation process. Clean with warm water and a non-abrasive neutral cleaning solution. Periodic resealing is recommended especially for tiles with crackle finishes.
