# glacier

The majesty and grandeur of white-capped glaciers inspired the name of the Glacier Marble Tile Collection. With a selection of tiles, mosaics, and decorative pieces, this collection consists of finely honed, matte-finished white marble in precision-cut sizes.

This collection will certainly add an element of beauty, tranquillity, and cleanliness to both residential and commercial applications. The crystal-white marble suits nearly any interior design. It's perfectly versatile.

With the exception of the moldings, which are for non-floor applications, all the products of this collection are suitable for floors and walls. Therefore, the Glacier Marble Tile Collection allows for uninhibited creativity and imagination.
