## haisa blue

The Haisa Blue Marble Collection has a subtle blue-gray striped finish that offers a unique texture to any design. Both stylish and elegant, it's perfect for chic, contemporary interiors.

The remarkable soft blue tone of this stone makes it stand out from other marble tiles. It exudes creativity while still retaining the classic appeal of marble.

This collection comes in tiles, slabs, and mosaics. As with any natural stone collection, each piece might vary in color or shade. This uniqueness makes every piece one-of-a-kind, with no two pieces alike. It's the perfect way to make your space stand out with a special piece of natural stone.

The Haisa Blue Marble Collection is optimal for wall and floor applications in both residential and commercial settings.
