Elegance, sophistication, and lasting beauty. The Ming Green Marble Tile Collection is truly a wonderful choice for floor and wall covering in your home or business.

Named after the Ming dynasty, this collection was inspired by the lustrous green jade of Chinese pottery. In ancient Chinese culture, jade was a precious commodity and a symbol of virtue and morality. The marble of this collection has a similar elegance, with a pale green hue that's captivating yet subtle.

Our precision cutting and fine polishing add an opulent finish to this stone. Our wide range of marble will provide a striking look to virtually any room, from a family dining room to the entrance of a luxury business.

The Ming Green Marble Tile Collection includes polished marble tiles, mosaics, and moldings. It's suitable for wall and flooring applications in commercial and residential properties.
