Reminiscent of the weathered cobblestone pavements of ancient Roman towns, the Palladian Marble Mosaic Collection has a stunning natural, antique look. Composed of four alluring marble mosaics in hues of white, gray, and hints of brown, this collection is for the nature-lover at heart. Transform your space into an organic sanctuary with these marble mosaics that effortlessly blend the old and the new. The Palladian Marble Mosaic Collection is suitable for residential and commercial interior wall and floor applications, including showers.

V3 = MODERATE VARIATION:

While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece may vary significantly. For example "that little bit of color" on one piece of tile may be the primary color on the next piece.
