SCABAS RED TRAVERTINE

The Scabas Red Travertine Collection celebrates the rich intensity and natural movement of one of the most distinctive travertines. Defined by its deep red hues, warm rust undertones, and striking variation, this stone brings a sense of depth and character to any space. Its organic veining and tonal shifts create a dynamic surface that feels both grounded and expressive, making it a standout choice for interiors that embrace warmth and individuality.

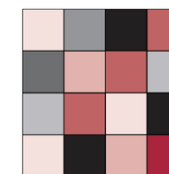

Crafted in a honed and filled finish, each piece offers a smooth, refined surface while preserving the natural beauty and texture of the stone. The result is a balance between raw materiality and contemporary sophistication.

Available in 12×12 travertine tiles and a wide selection of mosaics, including the signature Chester Plaid 4×4, the collection is suitable for floors, walls, and backsplashes. Its versatility allows it to adapt seamlessly to bathrooms, kitchens, feature walls, and interior flooring applications.

Bold yet timeless, the Scabas Red Travertine Collection brings warmth, depth, and a natural statement to both residential and commercial spaces.

Usage:

- Backsplash
- Bath Floors / Walls
- Commercial Interior Walls
- Residential Interior Walls
- Shower Walls

V4 = SUBSTANTIAL VARIATION:
Random color differences from tile to tile, so that one tile may have totally different colors from that of other tiles. Thus the final installation will be unique.
