create a feeling and statement of harmony with silver clouds design components...

The Harmony Silver Clouds Collection comes from a very unique stone, a stone colored yet neutral, a stone sophisticated yet versatile. It is a medium that provides a combination of refined marble and design elements, ranging from traditional to contemporary décors. The surface of this product is a finely polished finish, which brings out the inherent beauty of the stone. The stone's subtle blending of silver and white tones with highlights of gold make it an ideal choice for floors, walls, counters and back splashes.

V3 = MODERATE VARIATION:
While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece may vary significantly. For example "that little bit of color" on one piece of tile may be the primary color on the next piece.
