VERDE LUCIA MARBLE

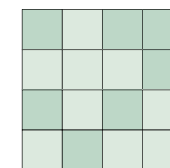

Born from the natural stone landscapes of Guatemala, Verde Lucia captures the depth and richness of deep green marble shaped by time and geology. Its honed finish softens the surface, revealing a velvety texture that enhances the stone's natural movement and brings a quiet sense of balance and sophistication.

The collection is offered in 12"×12" and 3"×12" field tiles, paired with a curated selection of mosaics designed to create contrast, rhythm, and visual interest. Decorative designs include the Casablanca mosaic with brass accents for a refined statement, as well as the signature checkerboard pattern combined with White Thassos marble for a timeless, graphic composition.

Thoughtfully designed for a range of applications, select mosaics are suitable for floors, while more intricate patterns such as hand-clipped 1"×1" and Broken Joint are ideal for backsplashes, shower walls, and accent areas. Whether used as a focal point or a subtle backdrop, Verde Lucia brings depth, craftsmanship, and enduring elegance to residential and commercial spaces.

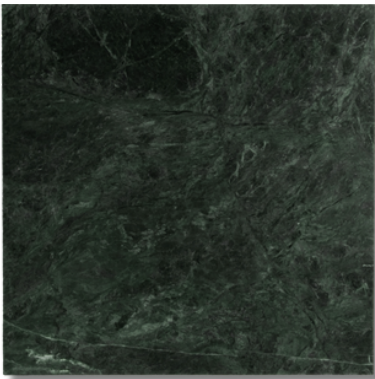

Usage:

- Backsplash
- Bath Floors / Walls
- Commercial Interior Walls
- Residential Interior Walls
- Shower Walls

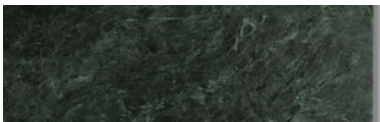

V2 = SLIGHT VARIATION: Clearly distinguishable differences in texture and/or pattern within similar colors.
